DR. WILLIAMS' LIBRARY. REGISTERS OP BIRTHS

(DERBYSHIRE EXTRACTS)

PUBLIC RECORD OFFICE. CHANCERY LANE

GENERAL INFORMATION

Dr. Williams' Library comprises books and manuscripts bequeathed to the public by the Presbyterian, Dr. Daniel Williams. Nonconformists suffered from a lack of legal status especially felt in the registration of births. In 1743 Dissenting Deputies representing Baptists, Independents and Presbyterians established a register for births, open to any parent for a fee of 6d. Ministers later deposited their registers. By 1837 the register included 48,975 births.

Dr. Williams' Library is deposited at the Public Record Office, Chancery Lane. When looking for a birth remember that births were seldom registered immediately; sometimes there was a gap of up to 40 years. Do also order up the series in RG5 of the copies of the original certificates given to parents, using the dates and reference numbers quoted; these provide a personal touch missing from the registers.

From November 1987, all the birth registers are now on microfilm on open shelves in the Rolls Room at Chancery Lane.

The numbers before each entry in this typescript refer firstly to the volume as given below and secondly to the entry number in the original documents.

RG4/4658	Volume A	No reference to Derbyshire

The last three volumes of birth registration (IJ, K & L) differ in form and content from the previous eight. In form because the entries are sorted alphabetically before being entered under the initial letter of the father's surname, therefore no separate index volume is required. In content, because "place of abode" as well as "place of birth" is recorded but mother's maiden name is not. Therefore the names listed may be of parents whose "place of abode" is Derbyshire but whose children were born elsewhere, as well as children born in the county to parents who give their "place of abode" as somewhere different. All registrations in these volumes are from 1828 to December 1837.

DIRECTIONS.—The above forms are to be had at the rate of One Shilling a Dozen at the Library, by application to the Registrar there (if by letter post-paid), or at the Vestries of most Dissenting Chapels. Fill up both Certificates carefully, 1. with the date when the Certificate is filled up and signed, at the top. 2. The child's Christian name. 3. State whether Son or Daughter. 4. The Father's name, address, and business, or profession. 5. The Mother's name, and the name and residence (if dead, the last residence) and the business and profession, of the mother's father. 6. The place of birth, describing at whose house, and where the house is. If the house is in a street or square, &c., and numbered, state the number. 7. The date of the birth, putting the day of the birth in words, not in figures. Then, 1st, let both parents, if it can conveniently be done, sign each form after the two stars, * and *. If either of the parents cannot write, let him or her make his or her mark, some one writing over against each such mark "the mark of"; and in case neither of the parents can write, let some near relation who can write, sign his or her own name on the line below after the *, adding to such signature his or her relationship. 2d. Let two persons present at the birth sign after the * and *, adding their addresses themselves, or somebody for them. If the witnesses cannot write, let them make their marks, some one writing over against each mark "the mark of of". If both parents cannot sign, let one of them do so. If both should be dead, then let the nearest relation who can write sign, as before directed, after the *, and add to his or her signature what relation he or she is to the child. It is desirable that the witnesses to the birth, or one of them (where it can be) should be relations of the child; and, where any witness is a relation, let him or her add to the name the relationship thus: "Aunt," &c. (as it may be) "to the child." If there are no witnesses to the birth living or to be found, the Registration may still be made, getting the signature of the parents, or one of them, as above directed. The Registration may take place at any time, if the parties are living who can comply with the above requisites. This paper, containing both certificates, must be taken to the Registrar, who will keep and affix the First in his book (numbering it next after the one last received and registered by him), and deliver the Second, (the one on this page) numbered and signed by him, to the parties, who can then, if they please, cut off these directions. His fee is one shilling, to be paid when the Certificates are delivered to him for registration. A Certificate fully and regularly filled up will stand as follows:

This is to certify and declare, that William the son of Thomas Jones, of Stone, in the County of Stafford, Miller, and Elizabeth his wife (who was the daughter of Humphrey Sykes, of Liverpool, in the County of Lancaster, Grocer,) was born at the house of the said Thomas Jones, No. 10, in John Street, in Stone, in the County of Stafford, on the tenth day of May, 1825.
Dated the 10th day of May, 1825.
Thomas Jones, } the Parents abovenamed.
Elizabeth Jones, }
[when the Parents cannot write or sign, † James Jones, Uncle to the child.]
We certify and declare that we were present at the Birth of the Child abovenamed; and that such Birth took place at the time and place aforesaid.
† Mary Hill, of Stone, Spinster, Aunt to the child.
† James Gooch, of Stone, Surgeon.

N.B. The Registrar attends every Tuesday, Wednesday, Thursday, and Friday, from Ten till Three; except during August and the Whitsun and Christmas weeks.
Taylor, Printer, 29, Coleman Street.
